

PREPREG TECHNOLOGY

XPREG® prepregs offer an unrivalled combination of industry-leading mechanical performance and cosmetic appearance at an unbeatable price-point. This is achieved by offering a streamlined portfolio of core products, produced in high volume using end-to-end UK manufacturing. XPREG® prepregs are supported by extensive mechanical data, fibre-level traceability and next-day availability on most lines.

PRICE LIST Q1 2021

Also available is a complete range of vacuum bagging equipment and consumables to ensure total compatibility and provide further single-source advantages.

COMPONENT PREPREGS
